

Redco International

ISO 9001:2015 | 14001:2015 | OHSAS 45001:2018

COMPANY PROFILE

SAUDI ARABIA • QATAR • PAKISTAN

Precast Concrete & Hollow core Plants | Readymix Concrete Plants | Roads and Utility work | Earthworks & Blasting
General Contractor | Mechanical, Electrical, Plumbing (MEP) | Architectural Finishes & Landscaping | Steel Fabrication
Steel cut & bend Factory | Textile – Weaving & Spinning Mills | FM & Catering Services

BRIEF INTRODUCTION

Redco International is a leading industrial manufacturing and contracting group operating in Qatar since 1982. The company is owned by Mr. Saif ur Rehman Khan. Redco International has been a leader in precast concrete manufacturing and erection in Qatar since the 1980s and is also amongst the leaders in ready-mix concrete manufacturing, steel cut & bend, Mechanical-Electrical-Plumbing (MEP), Earthworks and building works (general contracting). **Redco International** employs 14000 people in Qatar and Saudi Arabia, including more than 400 qualified civil, electrical and mechanical engineers.

Redco International started its business operations in Saudi Arabia in 2023 and is currently engaged with NEOM for Design, Build & Operation of a Precast Plant. **Redco International (KSA)** is responsible for production and supply of Precast culverts for a length of 147 km from Oxagon to Trojena. Following this, **Redco International (KSA)** successfully secured another similar project for the LINE in NEOM. **Redco International (KSA)** employs 10,000 people to execute these projects.

The company also has two sister companies in Pakistan: Redco Pakistan Limited (RPL) and Redco Textiles Limited (RTL), which employ more than 3000 people. **Redco Textiles Limited is a vertically integrated, ISO 9001 certified textiles manufacturing company which has spinning and weaving units as well as a captive power plant.** Furthermore, the group has also recently constructed a 1320 MW power plant at Port Qasim, Karachi, Pakistan.

Redco International is a well-known brand with a large collection of assets and projects that are visible across the region. The company owns more than 1000 units of construction equipment, which includes a large fleet of dumpers, trailers, ready-mix trucks, concrete pumps, excavators, bulldozers, wheel loaders, tower cranes, crawler cranes, mobile cranes, specialist precast/ steel cut & bend/ MEP equipment, and also a very large number of transport vehicles, including buses, cars and pick-ups for the company's employees.

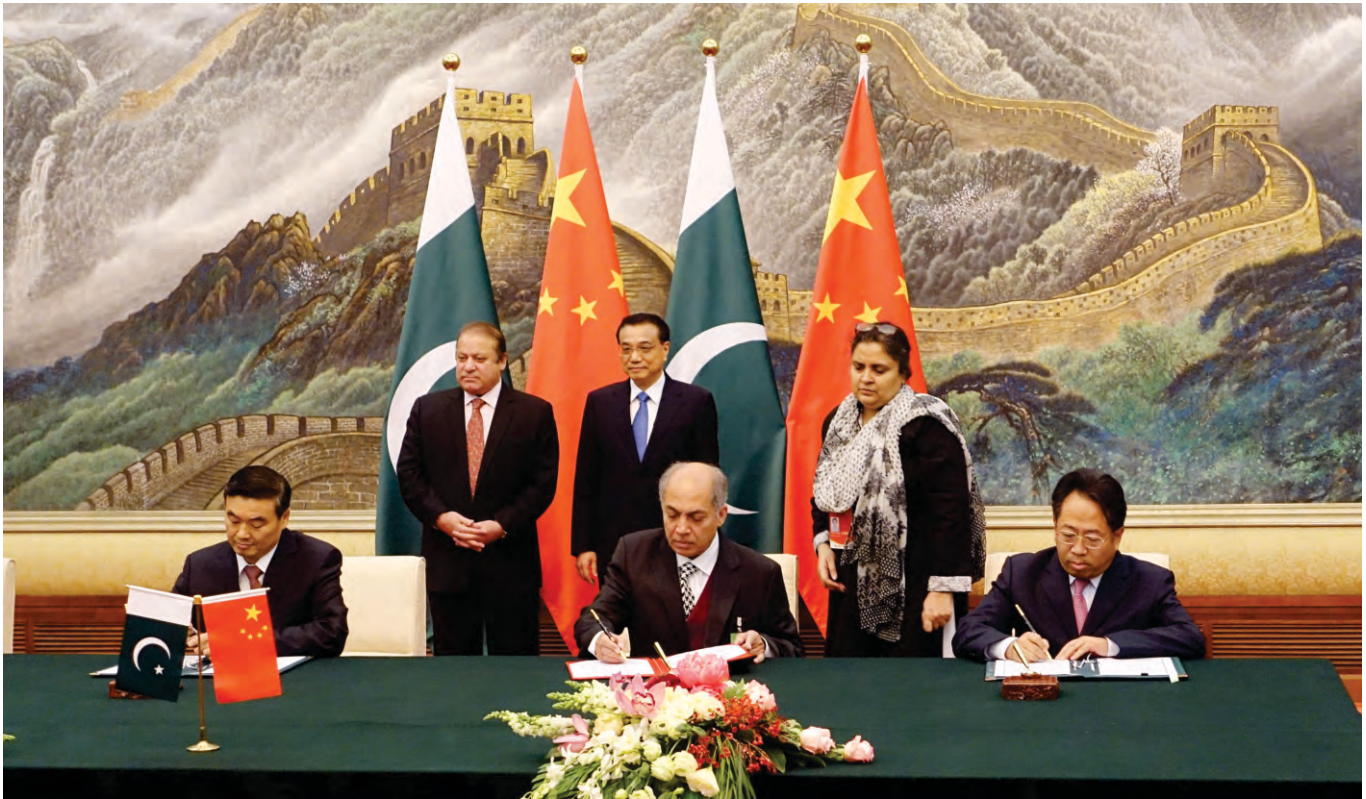

Redco International currently has projects in hand worth QR. 6.0 billion. The company has an ISO 9001 certified quality management system and is licensed as a Grade-A civil and electro-mechanical contractor with all major government departments.

Redco International's strategic business interests and activities profile in Qatar and Pakistan include:

- Precast Concrete & Hollow core Plants – Design, Manufacturing & Erection
- Readymix Concrete Plants – Design, Manufacturing & Placing
- Road and Utility Diversions, Earthworks & Blasting – Contractor, MOI approved
- General Contractor – EPC contractor, grade A
- Mechanical, Electrical, Plumbing (MEP) – grade A, Kahramaa approved
- Architectural Finishes & Landscaping
- Steel cut & bend Factory – Design, Manufacturing & Installation
- Steel Fabrication – Design, Manufacturing & Installation
- Textile – Weaving & Spinning Mills
- FM & Catering Services

Redco International is a conscientious contractor with an excellent Health and Safety record. The company has been given numerous Health and Safety awards by clients. The company has worked at prestigious projects for millions of man-hours without a single Lost Time Incident (LTI).
